About Us

The National Electrical Manufacturers
Representatives Association (NEMRA), is a
not-for-profit association comprised of 325+
independent sales representatives and 169
manufacturers in the electrical industry.

The association's charter is to develop and to strengthen each company's sales, marketing, and management skills and to promote the benefits of doing business with an independent sales representative.

The association also develops and maintains programs and activities designed to help these independent businesses to conduct their business in an ethical, efficient and productive manner.

Professional Development

Emerging Leaders Program

NEMRA's <u>Emerging Leaders Program (ELP)</u> aims to shape the future of our industry by supporting the growth of aspiring leaders employed by NEMRA member companies. The program also creates opportunities for aspiring leaders to build relationships, expand their skills and advance their careers in the electrical industry.

Empowering Mentorship Program

NEMRA's <u>Empowering Mentorship Program (EMP)</u> will bring our industry professionals together to accelerate self-development, career progression, and overall confidence. The EMP will also provide an effective and low-cost way for senior employees to pass on knowledge of the industry and to expose new and different perspectives to one another, fostering a culture of learning, nurturing, and growth.

NEMRA University

<u>NEMRA University</u> is a one-stop-shop for NEMRA Members to securely access and share product-specific training courses, access soft-skill training, CEU-accredited courses, and custom content designed to fit your business needs. Our premium plan (NEMRA U+) includes over 800+ CEU-accredited soft-skill courses, curated training playlists designed by NEMRA Reps for NEMRA Reps, and a custom LMS to help you manage and improve your onboarding and internal training.

CPMR Program

The <u>Certified Professional Manufacturers Representative (CPMR)</u> program is executive education for current and future rep firm owners and managers. CPMR® candidates invest one week annually for three years to gain knowledge and insight into operating a more effective and profitable rep firm.

CPSC Program

During the <u>Certified Professional Sales Consultant (CPSC)</u> program, you'll learn how to become your customer's business partner and strengthen your key account relationships to increase sales. Graduates earn the right to use the distinctive CPSC® designation and gain membership to MRERF's Institute for Professional Advancement (IPA)

Member Engagement

Empower Tomorrow Fund

NEMRA's scholarship program, <u>Empower Tomorrow Fund</u> ensures the continuous growth of our industry by making a donation to support higher education. NEMRA Scholars are the employees, or children of employees, of our representative and NMG member firms, who demonstrate superior academic performance or are pursuing post-secondary education. Preference is given to those majoring or pursuing further education in business administration, sales and marketing, electrical engineering, and fields related to the electrical industry. NEMRA Empower Tomorrow Fund has now provided over \$150,000 in Scholarships to employees, and children of employees, of NEMRA Members. This year, NEMRA has added two additional scholarships and will be providing 21 Scholarships, in total, to deserving candidates.

Gary Sinise Foundation

NEMRA is devoted to its philanthropic efforts, so we partnered with the <u>Gary Sinise Foundation</u> to "do a little more" for our nation's military heroes and their families throughout the coming years.custom LMS to help you manage and improve your onboarding and internal training.

NEMRA Monthly Newsletter

<u>NEMRA's monthly newsletters</u> are home to the newest information regarding the assocation. This is where our service providers post updated information. If you missed a webinar, they are also available within the newsletters!

Strategic Advisory Council

The council is committed to helping NEMRA look forward, to identify membership services the association can deliver, which help both parties improve growth and profitability. The council's three areas of focus are: The Role of the Rep, NEMRA Insights/Research and Demand Generation.

Technology Advisory Committee

The committee is actively addressing how we can proactively manage the data that is exchanged between manufacturer and representative in a collaborate and secure way that swiftly moves the manufacturer into position to "secure the order" because of having that data.

Annual Conference

About the Conference

The <u>Annual Conference</u> is NEMRA's largest event, bringing together over 1,600 attendees over 3 days. It is the largest gathering in the electrical industry of top-level executives of electrical manufacturers and independent business owners. The conference provides the perfect setting for strategic planning/business reviews with their partners, industry-relevant networking sessions, and motivational/inspirational speakers. The conference also exposes the representatives to new companies seeking to establish sales representation and to service providers offering new tools and services that bring value and strength to the partnerships.

Future Conferences

NEMRA23 - Las Vegas, NV

NEMRA24 - Dallas, TX
