

“I’ve been going to the trade show and convention for about 10 years now. It’s great meeting other contractors who share their experiences, difficulties, and bringing it back to our offices to share with the rest of our company. Not to mention, learning about all the new products and services at the NECA Show!”

—Tom Adamson - Vice President, Custom Electric

Sat 9/30:
11:30am – 5:00pm
